EASYGROW GROW POLLS®
Coir Grow Polls

Product Code
COIR10040101
COIR10040102
COIR10040103
COIR10040104

EasyGrowGrowPole® is a sporting pole for potted plant creepers to grow indoor and outdoor gardens.

Made by wrapping natural coir fiber in either form of mattress fiber rubberized coir pads or coir yarn around a hollow PVC pipe. The high moisture retention capacity of the stick enables the roots of the plant to grip natural organic mattress of coir fiber. Available in various diameters and lengths.

COIR CREEPER SUPPORT STICKS

Coco Poles are wooden pegs covered in coir fibre which can be placed in plant pots and on ground for creepers to cling to. Being 100% natural, bio-degradable and being able to retain moisture, they are the ideal supporting indoor & outdoor creepers and plants that send out aerial roots, such as Philodendrons, Synonyms and Monsters. Individual poles can also be piggy backed for extending the length of the support pole.

We manufacture mainly four variants of Coco Poles:

Dimension:	40/60/80/100 cm length		
Materials:	Natural Coir, Latex, coir Tyne on PVC Pole or Bamboo Sick.		
Load ability:	Up to 50K pieces per 40ft HC		
Item	Length (cm)	Packing	Load ability (pieces per 40ft HC)
COIR10040101	40	Packed in cartons	50000
COIR10040102	60		35250
COIR10040102	80		26500
COIR10040102	100		23000
