Unleashing Nature's Potential

**Easy Grow Eco Coir Logs®
(Stuffed Coir Logs)**

**Product Code
COIR60060101**

EasyGrowEcoCoirLogs® (Stuffed Coir Logs) are made from machine spun coir twine stuffed under pressure with mattress grade coir fiber to a specified density. and blended with a natural latex binder.

The log inner is filled with a softer coir fiber to improve germination and germination of inserted seeds and plants.

These logs are ideal for low gradient areas in stream, lake, shoreline protection and slope stabilization. The logs are available as a circular coir log or square log.

Additionally, the logs can be provided with planting holes and impregnated with coconut shell impregnated carbon.

It can provide aesthetic value to the surrounding environment. The logs can last up to 6 years.
