

Unleashing Nature's Potential

# Technical Data Sheet

## Product code and Product

<b>PRODUCT NAME</b>	<b>EASYGROW GROW POLLS®</b>
<b>PRODCY CODE</b>	<b>COIRI0040101</b>

## Product

Easy Grow Coir Poles (Coir Pole, Moss Stick) is a spotting pole for potted plant creepers to grow indoors as well as outdoor gardens made by wrapping natural coir fibre in either forms of mattress fibre rubberised coir pads or coir yarn around a hollow PVC pipe. Coco Poles are support of vines, shrubs and any other plants that need a support to give them protection while they are growing. Coco poles are widely used in plant nurseries and horticulture farms. As well, they are ideal for supporting plants such as creepers or ornamental plants that are growing inside your home as decor on patios or in the garden. The high moisture retention capacity of the stick enables the roots of the pant to grip natural organic mattress of coir fibre. Coir poles are available with various diameters and lengths.

## Product Advantages

- Being porous with higher water holding capacity help the plant to develop many tiny roots throughout surface.
- Plants grow healthy with coir poles
- Easily installs and replacing the traditional moss sticks.
- Coir poles give ideal support to plants while creating a perfect moist environment for its roots.
- Supporting plants such as creepers or ornamental plants that are growing inside your home as décor on patios or in the garden

## Product Application & Usage

- Strong & sturdy construction
- Made from specially treated coconut fibre
- Great for use both indoors and outdoors
- Ideal for supporting all climbing plants from shrubs, vines & vegetables to ornamental house plants
